JDI Address Cleansing Project Rollout

Maureen Neary, AIRA

Peer User Group Activities

User Group: Fast Facts

- The group meets once a month.
- 30+ SmartyStreets users are involved.
- 14 IIS send delegates.
- Envision, STC, and DXC are also represented.

User Group: Agendas

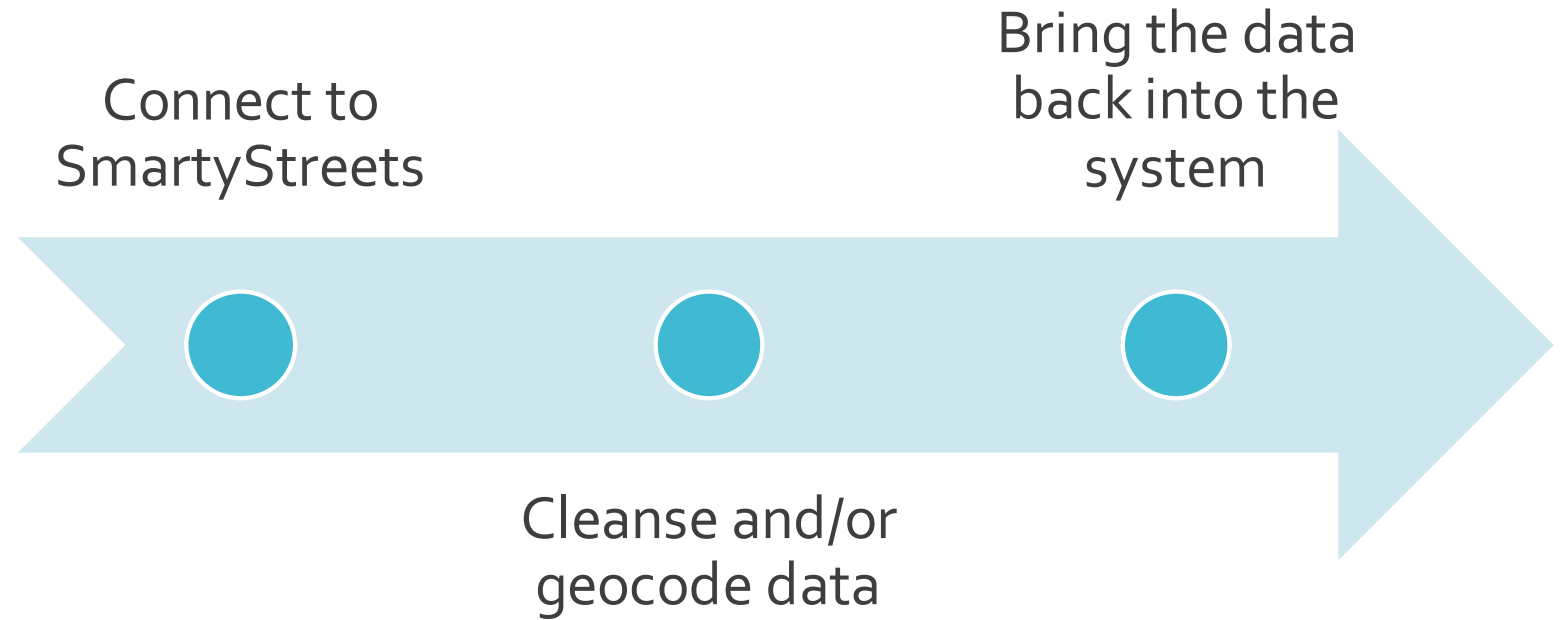

They share experiences

- What outputs are important to consider?
- How to use the service for at-rest data
- How can the architecture be optimized for speed?

They run demos

- Geocoding and mapping
- How to change an output into an update statement
- Running the command line tool

User Group: Goals

Bringing the Data Back In

1

(Dec)

Draft a project plan

2

(Dec)

Hire a technical writer

3

(Q1 2018)

Stand up a pilot

4
