## Joint Development and Implementation (JDI) Advisory Workgroup

1/6/2017, Time: 1pm-2pm ET (12pm-1pm CT, 11am-12pm MT, 10am-11am PT)

[Join WebEx meeting](#)

Meeting number: 733 094 546

Meeting password: Jedi

**Dial:** 1-800-326-0013, **Passcode:** 1670187#

---

1pm - 1:05pm	<b>Opening Welcome</b> <ul style="list-style-type: none"><li>• Announcements and roll call</li><li>• Approval of minutes from 12/2/2016</li><li>• Reminder: complete your JDI Evaluation<ul style="list-style-type: none"><li>- Note that the evaluation is taking a retrospective look at our implementation of the strategy map AND a forward look at potential next projects</li></ul></li></ul>	Bill Brand, PHII, Co-Chair
1:05 - 1:15pm	<b>Early Look: Data from the Address Cleansing Pilot Project</b> <ul style="list-style-type: none"><li>• Review of the metrics - what we're seeing so far</li><li>• How we intend to use this info for the funding request</li><li>• Looking forward – timeline and next steps</li></ul>	Mary Beth Kurilo, AIRA Therese Hoyle, Michigan
1:15 - 1:30pm	<b>Within the JDI Group</b> <ul style="list-style-type: none"><li>• Identify awardee-developed project representatives (2)</li><li>• Identify/formalize AIRA Board representative (1)</li><li>• Re-activate small groups<ul style="list-style-type: none"><li>- Project Group focused on Address Pilot will continue</li><li>- Communication</li><li>- Repository</li></ul></li><li>• Depending on next project selected, consider small groups as needed for governance? Discuss standing up group for exploration of innovative funding options?</li></ul>	Michael Flynn, NYS, Co-Chair, Mary Beth Kurilo, AIRA
1:30 - 1:55pm	<b>Preparing For Our Next Project</b> <ul style="list-style-type: none"><li>• New project areas we've mentioned include: AFIX-IIS integration, open source tool development/implementation, interjurisdictional exchange – these and carry-over projects are listed on evaluation/survey for early prioritization</li><li>• As we consider our next project, how do we define our focus on implementation? (projects listed below for reference)</li></ul>	Bill Brand, PHII and Michael Flynn, NYS, Co-Chairs Mary Beth Kurilo, AIRA All
1:55 - 2:00pm	<b>Wrap Up</b> <ul style="list-style-type: none"><li>• Review of action Items, next steps</li><li>• Next meeting, 2/3/2017</li><li>• Close</li></ul>	Bill Brand, PHII, Co-Chair

---

# agenda

## Potential Future Project List:

- 1) Onboarding Testing Requirements: Develop requirements for a stand-alone testing platform for incoming HL7 messages or queries
- 2) Onboarding Testing Tools: Develop tool(s) for stand-alone testing platform for incoming HL7 messages or queries
- 3) Data Quality Tools: Develop tools to expand standardized approaches to DQ
- 4) Immunization Forecaster Interface: Develop an interface to link IIS with existing forecasting options, including third-party/open source tools
- 5) Patient Matching: Develop tools or guidelines to standardize deduplication
- 6) IIS dashboards: Develop guidance and templates for provider dashboards to include coverage rates, low inventory warnings, etc.
- 7) Interface/interoperate with SNS tracking systems: Share IIS data with SNS systems
- 8) SMS text-based reminder recall notifications: Guidance to support mobile phone-based reminder recall
- 9) 2D barcoding implementation: Support implementation of IIS ability to read 2D barcodes
- 10) Perinatal Hepatitis B case module: Develop module to track Hep B cases
- 11) Vaccine de-duplication algorithms: Develop stronger guidance for vaccine level deduplication
- 12) Record locator service for national consumer access or a service that allows IIS to locate records in other IIS: Develop requirements for national RLS
- 13) Influenza public health preparedness initiatives: Explore best practices for IIS supporting mass vaccination clinics or other flu-oriented projects
- 14) Consumer Access: Develop guidelines for authentication and auditing
- 15) AFIX-IIS Integration Support: Provide an IIS community-wide perspective and support for AFIX-IIS implementation to achieve greater consistency
- 16) Interjurisdictional Exchange: Support the development of a strategic roadmap for implementation, addressing policy and technical aspects of voluntary IIS IIS-IIS exchange.
- 17) IIS open source tool development and stewardship: Support the development of governance, practical oversight, and storage of open source tools to benefit the IIS community (e.g., technical working group collectively developing DQA tool, etc.)
