Community groups

User Group Engagement

- ▶ The group was created to compare, discuss & troubleshoot SmartyStreets implementation across participating IIS.
- ▶ Our first meeting was 8/29/17.
- ▶ We meet every two weeks.
- ▶ 10 out of 13 IIS have participated.
- ▶ Engagement is consistent and enthusiastic.
- ▶ We have invited vendors to participate in the group to assist implementations.
- ▶ Participants share their successes and ask peers for assistance with their challenges.
